Dear Retired Public Employee:

A career in public service is something to be proud of! It means you worked hard to earn the right to a secure and guaranteed retirement. But retirement security is only possible if you’re willing to defend your rights and protect your interests. Don’t think that your lawmakers are keeping your best interests - your retirement security - in mind. That’s why you owe it to yourself to stay involved and take an active part in safeguarding the security of the retirement you worked so hard for by joining thousands of fellow retirees in RPEC.

The Retired Public Employee Council of Washington (RPEC) is a non-profit legislative watchdog that was created by concerned people, like you, who retired from state, county, city, and municipal employers within Washington. They were tired of not having a voice to protect their hard-earned benefits. RPEC is comprised of 10,000 PERS, SERS and PSERS retirees whose goal is to fight to protect their retirement security locally and nationally.

“Your Voice for Retirement Security!”

What are the benefits to membership in RPEC?

► Fight Threats to Your Retirement: Staying informed with newsletters and email alerts on the latest attacks on your benefits, like cuts to pensions and health insurance, in order to mobilize in your defense.

► Strength in Numbers: RPEC is affiliated with AFSCME with over 250,000 retirees in total. Our numbers give us a strong voice in the political arena.

► Support from Working Members: RPEC works with active employee member organizations to protect your issues.

► Members-Only Benefits: The “AFSCME Advantage” program offers a variety of benefits and services to meet our members’ consumer needs.

► Local Chapter Meetings: Our chapters are spread across the state and meet monthly. They are a source of information, as well as a place to socialize.

If you would like to learn more about us, please check out our website: www.RPECWA.org or call to request an information packet at 1-800-562-6097.
